The Accident Advisory

At-the-scene checklist

Stay safe first. Work down the list as far as you safely can.

Capture before anything is moved

- [ ] Wide shots showing both vehicles and their positions on the road
- [ ] Close-ups of all damage, to every vehicle involved
- [ ] License plates, and the other driver's insurance card and license
- [ ] Road layout, lane markings, traffic signals and signs
- [ ] Skid marks, debris, and the weather and light conditions
- [ ] Any visible injuries

Swap these details

- [ ] Full names and phone numbers
- [ ] Insurance company and policy number
- [ ] Vehicle make, model, color and license plate
- [ ] Driver's license details
- [ ] Names and numbers of any witnesses
